

## Faith Evangelical Lutheran Church

Project Profile: Church

**Owner:** Faith Lutheran Church

**Architect:** Wedemeyer, Cernik, Corrubia

**Description:** This 41,000 square foot church and pre-school was a structural steel building with partial Glu Lam. This was a competitive bid project that was almost delayed due to budget problems. R.G. Ross was able to help the owner by value engineering the project with the end result being a \$600,000 savings primarily through the mechanical, electrical, and plumbing becoming design build.
