

Fresenius Medical Care, Creve Coeur, MO

Project Profile: Medical

Owner: Fresenius Medical Care North America

Architect: Christopher Kidd & Associates

Description: This project consisted of a tenant build out of 9,784 square foot space. When completed it held 24 treatment chairs. It has two long central nurses' stations. It was complicated since the tenant space was on the 2nd level over a parking garage. This tenant space also housed the administrative offices for FMC staff.
