

Ladue, MO Residence

Project Profile: Custom Homes

Owner: Ken Goldberg

Architect: Jamieson Design, Inc.

Description: This renovation included re-finishing of existing hardwood floors, installing new hardwood floors, and custom carpet. The ceiling details were updated to include a coffered design in the kitchen and great room. The coffered ceiling in the kitchen received a lacquer finish to match the custom cabinetry finish. This was all complimented by, a new lighting package throughout, new wall tile in the kitchen, and Royal Honed Danby Marble tops.
